

Reclusive Nomad: One travels.

This is travel site for the discerning and more introspective demographic. Offering trip recommendations and tips in a simple 3-points format.

The main navigation of the site exist on the homepage, with the exception of articles that would be housed within a section called, Cities. In this section, you will find a more comprehensive listing of the cities, to enter and read up about them.

There will be a section for live instagram feeds and another to allow users to submit their own stories to add to the site (UGC).

Main: Homepage

1. Header - branding screen to introduce the travel site (static)

2. Sticky Nav bar - turns into a hamburger menu on mobile screen.
